

OPEN CALL: YOUNG PANCREATOLOGISTS COORDINATORS

The European Pancreatic Club (EPC) is now accepting applications for two YOUNG PANCREATOLOGISTS IN EUROPE (YOUNG PANCREATOLOGISTS IN EUROPE) coordinators to serve a two-year term from 1 January 2027 to 31 December 2028.

YOUNG PANCREATOLOGISTS IN EUROPE is the EPC's community for young pancreatologists. As a coordinator, your central task is to increase and encourage engagement of young researchers and clinicians under the age of 40 in the EPC and give them lasting reasons to remain involved.

In practice, this means creating opportunities for education in pancreatology, professional networking, research collaboration and personal visibility within the EPC community and the field.

Working as a team, the two coordinators:

- Plan and organise the YOUNG PANCREATOLOGISTS IN EUROPE session at the EPC Annual Meeting, together with the annual YOUNG PANCREATOLOGISTS IN EUROPE Awards and the YOUNG PANCREATOLOGISTS IN EUROPE reception;
- Manage the YOUNG PANCREATOLOGISTS IN EUROPE social media accounts;
- Attend select Council meetings as guests, usually including the Council offsite and at least one face-to-face Council meeting.

Beyond these regular activities, the sky is the limit. The coordinators are encouraged to propose and develop their own initiatives that serve young pancreatologists and strengthen the EPC community.

This is a hands-on role with genuine influence on how the EPC engages its next generation. It also offers close contact with the EPC Executive Committee, the EPC Council and the wider European pancreatology community.

Application Criteria

Applicants must be EPC members, under 40 years of age at the time of application, and working as a basic scientist or clinician in the field of pancreatology.

Interested applicants should send a one-page motivation letter and a one-page CV (saved in **one** document as a PDF) to the EPC office at info@europeanpancreaticclub.org by **8 November 2026 (EOD)**.

Your motivation letter should explain why you would like to become a YOUNG PANCREATOLOGISTS IN EUROPE coordinator and what you hope to achieve during your term.

All applications will be reviewed by the EPC Council and the selected coordinators will be announced by 30 November 2026.
