Course 12

Scientific Leadership:

Giovanni Marchegiani,
Laura Maggino

ABOUT

Pancreas 2000 is the official post-graduate program of the European Pancreatic Club (EPC). The program prepares young gastroenterologists, surgeons, radiologists, and other clinicians for a specialization in the exciting field of pancreatology

OBJECTIVES

The program is designed to ensure that both knowledge and skills are transferred from one generation of clinicians to the next. As a result, Pancreas 2000 has a direct significant impact on the field as well as on patients and the standard of care. The majority of Pancreas 2000 graduates are now leaders in the field

CURRICULUM

Three areas of focus

- 1) A high-quality, comprehensive education in all aspects of pancreatology
- 2) Understand how to conduct scientific studies, collaborate across institutions and publish research findings
- 3) Leadership and personal development

BENEFITS

- ✔ Access to an extensive network of leading pancreatologists across Europe
- ✔ Opportunity to participate in a research project and publish under the guidance of experienced mentors
- ✔ Build a strong network of peers to support further career development and advancement of the field
- ✔ Transition to the Young Pancreatology Professionals in Europe (YOUPIIE) network upon graduation

OUTCOMES

- ✔ Over 300 successful graduates who are now leaders in the field
- ✔ Hundreds of publications in leading journals
- ✔ Hundreds of abstracts and presentations at major scientific events and congresses

REQUIREMENTS

- ✔ MD, with a completed undergraduate training
- ✔ Not older than 32 years of age and an active EPC member
- ✔ Demonstrated interest in the pancreas and pancreatology
- ✔ Ability to attend all meetings in person
- ✔ Candidate must have adequate time for course work

APPLICATIONS

- ✔ Applications for Course 12 open October 4, 2025
- ✔ Final deadline: December 15, 2025
- ✔ Notification of acceptances: early February 2026
- ✔ Please note that there is a non-refundable course fee of €600 to be paid before the course begins

COURSE

12

Meeting 1

Poland

September 17-19, 2026

Meeting 2

Germany

November 19-21, 2026

Meeting 3

Slovenia

March 2027

Meeting 4

Italy

October 2027

Meeting 5

Spain

April 2028
